Trevor Allen

Self taught and driven, with a love for all things related to the web and design. Always trying to innovate and improve, evolving knowledge and skills for each project. A firm belief that design is much more than just how something looks. Functionality is key and if you don't account for that the work will suffer.

EXPERIENCE

DEVELOPER / DESIGNER

The Wired Mouse
Asheville NC
Mar. 2014 - current

- Wordpress and Drupal theming, development.
- SEO and marketing research, Google analytics, Woorank and Yext.
- Facilitated the integration of Git and an agile process to aid with development.

OWNER

Ample Heights
Asheville NC
Jun. 2013 - current

- Custom Wordpress and Drupal websites.
- Advise on UX improvements and responsive design.
- Logo, brand identity and marketing design.
- Running a business has taught the importance of punctuality and how to maintain a clear, professional atmosphere.

POST / FIELD ENG

Keith Dixon Studios
Johnson City TN
Oct. 2012 - Aug. 2013

- Recorded live film and audio.
- Processed recordings in Adobe Photoshop, Premiere and After Effects.
- Frequent deadlines, accounting for potential setbacks on the fly.

FREELANCER

Johnson City TN
Jun. 2008 - 2012

- Designed ads and flyers, processed photos.
- Occasional video editing and post processing.
- Freelancing emphasized the importance of strong core values and tenants.

EDUCATION

HOMESCHOOLED

Class of 2008

Self-taught through mentorships, online classes and real world experience. A firm belief that learning should never stop; education is something to be shared and nurtured. The education necessary for a career is far more important than how or where it is acquired.
